

Welcome to Warmsworth Primary School

In September you will be coming to Warmsworth
Primary School in Foundation Stage 2.

Our Foundation Stage 2 teachers are:

Mrs Sharp

F2MS

Mrs Midgley

F2JM

We are looking forward to meeting you. We will have lots of fun and have many new experiences together.

To access your classroom, you will walk past the main entrance and go through the green gate.

You will then walk across the playground to the FS2 gate.

You will walk to the gate and line up with your friends.

F2MS line up on the right hand side of the gate, and F2JM on the left hand side.

Your teachers' will meet you here and take you into

the classroom.

As soon as you walk through the door you will see
your classes' cloakroom, where you will hang your
coat and PE
bag.

Mrs Midgley

Mrs Sharp

This is a classroom.

In FS2 there are two classes and we share the indoor and outdoor provision areas – there are lots of interesting areas to explore. Both classes learn and play together throughout the school day.

This is the 'Jungle Explorer' role play area. The role play areas change every half term to link with our learning.

This is the indoor sand area, during our topic 'Jungle Fever'.

This is the playdough/fine motor area; we are currently making animals which you would find in the rainforest.

This is the water area, we must remember to take off our jumpers/cardigans and put an apron on.

This is the creative area. You can choose lots of different materials to create a picture or make a model.

This is the painting area.

This is the construction area where you can design
and create many models.

We have lots of different reading areas. You can look at a variety of books and share them with your friends.

When it is carpet time we sit here in front of the interactive SMART board.

This is where you will put your water bottle, next to our fruit as you walk into the classroom. Above the snack area is a display board where our star learners

are shown. We have weekly awards in our special celebration assembly on a Friday.

Weekly Awards

We have 'Star of the week', 'Mathematician of the week', 'Writer of the week' and 'Reader of the week'

This is our outdoor area. There are many different activities to explore with your new friends.

This is the outside music area where you can dance and sing to different types of music.

This is the writing shed.

This is the outside maths area.

This is the road where we can ride the bike and
sidecar,
go-kart, twin walkers, loopies and scooters.

'Welly Wednesday'

Every Wednesday we explore our school grounds. We have our own woodland, poly tunnel, apple orchard

and quad area. We grow many vegetables and fruits. We harvest the produce and taste it throughout the year.

Remember to bring a pair of wellingtons to put on your class welly rack!

In the morning when you come to school, you will wait at the FS2 green gate with your grown-up and friends ready for when the bell goes at 8:50am.

You will have a hook, with your name on to put your coat on in the cloakroom. Water bottles go in the snack area and book bags go into your colour group box in the classroom. Remember every morning to get your reading pack out and put it in your colour tray on your table.

We sit on the carpet for the register to be taken and to choose your dinner. We will then get into groups to do your learning.

At 12pm we have our lunchtime. After we have eaten our dinner, we play with our friends on the playground.

At 1:00pm the bell goes to start our afternoon learning.

The school
at 3:30pm.

day ends
